# What is a Music Together® Family Class?

- A **community of families** sharing songs, instrument play, rhythm chants and movement activities in a relaxed, playful, non-performance-oriented setting
- Music learned through **developmentally appropriate** activities that support and respect the unique learning styles of very young children
- **Infants, toddlers, preschoolers and kindergarteners** participating at their own levels in family-style classes of mixed ages
- **Parents, grandparents, aunts, uncles, nannies—all caregivers** contributing to the enrichment of their child's music environment, regardless of their own musical abilities
- A **new song collection every session** for three years, featuring great arrangements of original and traditional songs in a wide variety of tonalities, meters and cultural styles
- 45 minutes of **PURE FUN** every week

## Music & Movement for Infants, Toddlers, Preschoolers, Kindergarteners

Music Together classes are based on the recognition that all children are musical. All children can learn to sing in tune, keep a beat, and participate with confidence in the music of our culture, provided that their early environment supports such learning. By emphasizing actual music experiences rather than concepts about music, Music Together introduces children to the pleasures of making music instead of passively receiving it from CDs or TV.

## ... and the Adults Who Love Them

Central to the Music Together approach is the knowledge that young children learn best from the powerful role model of parents and caregivers who are actively making music. The program brings families together by providing a rich musical environment in the classroom and by facilitating family participation in spontaneous musical activity at home within the context of daily life.

Join this *weekly sing-along* and you'll *sing all week long!*

*free visits available*

## how it's **come together**

The idea behind Household Harmony is that by offering *family activities*, we can offer families an opportunity to **come together**. Working as a group establishes and fosters a family culture of cooperation, respect and fun that lasts a lifetime. Making up and enjoying simple family rituals, routines and projects can go a long way toward making your house a home.

**Would you like Director Daisy Klaber to speak to your group about how experiences like making music together can enrich family life? Would your non-profit like to request a gift certificate donation?**

## what folks say when they **come together**

*I get to sing, dance, play, be creative, get fit . . . all at the same time!*

*The Music Together CD is the ONLY CD we have on which [my husband] and I like all the songs . . . which makes the car rides pleasant!*

*One of my most rewarding experiences as a grandmother . . . grandparent participation is encouraged and this provides a fantastic time for sharing and bonding between the generations.*

*One of my dreams for my children was that they have a love of music—and now they do! Someone in our household is always singing, either with a recording or making up songs of their own.*
